- Cybersecurity
- LAN configuration and maintenance
- Technical training and mentorship
- JavaScript, TypeScript, PHP, Python, Java, SQL
- Angular, React, Node.js, Next.js, Fastify
- Git, GitHub, Docker, Linux/Unix
- MySQL, PostgreSQL, Redis, PostGIS
- Agile and project management

WORK HISTORY

Software Tester, 02 Sep 2026 - 30 Oct 2026
Imagine Worldwide Tanzania - *Tanzania*
- Tested software and reported issues to support quality assurance.

IT Technician Trainee, 07/2024 - 09/2024
Tanzania Revenue Authority (TRA) - *Dar es Salaam, Tanzania*
- Diagnosed and resolved hardware and software faults across office workstations and peripherals, reducing equipment downtime.
- Maintained and configured LAN infrastructure, keeping network connectivity stable across the department.

Software Developer Trainee, 07/2025 - 09/2025
District Health Information Software (DHIS2) - *Dar es Salaam, Tanzania*
- Led design and development of custom DHIS2 Angular modules to streamline district-level health data reporting across facilities.
- Built a Tracker Data Quality Analysis application that pulled facility records via the DHIS2 REST API.

Developer and Project Manager, 07/2025 - 06/2026
Youth Team Up (EU Erasmus+ Diverse Grow Platform) - *Remote*
- Managed end-to-end delivery of the Diverse Grow initiative, coordinating a cross-functional, multi-country youth team.
- Built and maintained the platform in Angular, implementing features and resource sharing across an international cohort.

ICT Mentor, 03/2026 - 04/2026
Help to Help (TGEE IT Bootcamp) - *Dar es Salaam, Tanzania*
- Assisted in delivering structured ICT training covering digital literacy and internet safety.
- Mentored students individually on academic and career pathways in technology.

Assistant IT and Conference Technology Lead, 04/2026 - 09/2026
PAYCON AFRICA - *Addis Ababa, Ethiopia (Remote)*
- Support conference technology operations and digital coordination for a pan-African platform.
- Assist with technical planning, participant systems, and event technology support ensuring operational efficiency.

Imbeju Smart-Elite Ambassador, 02/2026 - 09/2026
CRDB Foundation - *Dar es Salaam, Tanzania*
- Advocate for youth empowerment and professional development programmes across Tanzania.

- Facilitate outreach activities connecting young people with educational and career opportunities.

Cybersecurity Ambassador, 2026
CyberCode Africa - *Dar es Salaam, Tanzania*
- Promoting cybersecurity awareness and digital safety skills among youth and students through community outreach.

PROJECTS

Rishfy - Final Year Project, Full-Stack Mobile and Web Application (2026)
A ride-sharing platform for Tanzanian commuters built around Tanzania's D5 regulatory framework. Service-oriented backend with 7 microservices, a Flutter mobile app, and a Next.js admin dashboard. TypeScript, Node.js, Fastify, PostgreSQL with PostGIS, Redis, Kafka and Docker. GitHub: https://github.com/godblesskaaya/rishfy .

Diverse Grow Platform - Youth Team Up project (2026)
An angular web app focusing on agricultural technology connecting farm suppliers, farmers, middlemen, buyers, sellers and transporters. Front end work sample on https://diverse-grow-vfinal.vercel.app , backend is not publicly hosted.

Tracker Data Quality Analysis App - DHIS2 Field Training Project (2025)
Angular web app connected to the DHIS2 REST API that pulled tracker records from health facilities, checked them for quality issues, and surfaced the problems on a dashboard for staff to act on.

UniSupport - University support assistant
A university support AI assistant built as a university project. It answers student questions about courses, registration and campus services, trained on university documentation to give fast, accurate responses. https://unisupport.rejoda.co.tz/ .

EDUCATION

Bachelor of Science in Computer Science: *2026*
University of Dar es Salaam, CoICT - *Dar es Salaam, Tanzania*

A-Level Certificate: *2023*
RoNeCa Girls High School - *Tanzania*

O-Level Certificate: *2020*
RoNeCa Girls Secondary School - *Tanzania*

LANGUAGES

Kiswahili Native **English** Fluent
